

AMERICAN SOCIETY OF
SAFETY PROFESSIONALS

Stan Gregory, CSP
ARVP Professional Development

Agenda

- What's going on in the Region
- Professional Development Conferences
- What can you do for your membership that adds value
- What can the Region do to assist your membership

Professional Development Conferences

- Region III is holding our PDC this Aug 28-30 in Northwest Arkansas
- There are also 4 Chapter PDC's this month
- Society Safety 2023 is in San Antonio June 5-7

What's going on in Region III

- Region III goals are aimed at service to each Chapter and it's members.
- This is performed in two ways;
 - 1) The Chapter President attends Regional Operating Conferences 2 times/year
 - 2) Each Chapter reviews their goals and that allows them to network with other Chapter Presidents to gain insight on how to better run their Chapter or finds new way to increase membership engagement.
- Each year we review how the Region VP and Area Director can assist their Chapter reach their goals.

What can you do to add value to your membership?

- Region III goals are aimed at service to each Chapter and it's members.
- The Chapter holds executive meetings to review:
 - 1) New way to increase membership engagement.
 - 2) Means to develop funding for the Chapter to operate
 - 3) How to network within the Chapter and Student Sections
- Each year we review how the Region VP and Area Director can assist their Chapter reach their goals.
- To be successful, Chapter Presidents must attend ROC calls and required meetings where we provide the guidance and assist in developing tools that work within your Chapter.

What Can Region III Do to Help

1. Area Director has charge to meet and discuss your Chapter's goals.
2. They provide direction, give advise on how other successful Chapters are doing.
3. Encourage Chapter to send Chapter Executives to the Leadership Conference where they network with leaders from all over society including Regions, Chapters and will give your team ideas on how to make your Chapter successful.

What Successful Chapters are Doing

- Engage in succession planning.
- Identify members who want to engage in the Chapter.
- Hold regular Chapter executive meetings.
- Hold PDC's for their membership.
- Hold networking meetings in the evening.
- Golf or similar events to develop funding for other Chapter events.
- Raffles for generating additional revenue to allow the Chapter to develop.
